

Your Privacy Rights

Bailey Cable Commercial Subscriber Privacy Policy

Bailey Cable takes the protection of our subscribers' ("You," "Your" or "Customer(s)") privacy seriously. The following privacy policy ("Policy") applies to those Bailey Cable commercial Customers who subscribe to Bailey Cable's commercial video programming, high-speed Internet and/or telephone service (individually and collectively the "Service") and describes the Customer information that Bailey Cable collects and retains, how Bailey Cable uses and protects it, the limited cases where Bailey Cable may disclose some or all of that information, and Your rights under the Cable Communications Policy Act of 1984 ("Cable Act"). Depending upon the Bailey Cable Service to which You subscribe, parts of this Policy may not be applicable to You. Bailey Cable values Your privacy and considers all personally identifiable information contained in our business records to be confidential. Please review this Policy and, if You are a Bailey Cable telephone service subscriber, the attached Customer Proprietary Network Information ("CPNI") Policy (the "CPNI Policy"), in conjunction with Your service agreement, terms of service and acceptable use policy ("Your Service Agreement"). Bailey Cable will provide You copies of this Policy annually and the CPNI Policy at least once every two years, whether or not we have revised the policies. We may modify this Policy at any time. The most current version of this Policy can be found on www.baileycable.net. If You find the changes unacceptable and if those changes materially and adversely impact Your use of the Service, You may have the right to cancel Your Service under Your Service Agreement. If You continue to use the Service following the posting of a revised Policy, we will consider that to be Your acceptance of and consent to the Policy as revised.

What type of information does Bailey Cable collect?

Bailey Cable collects both personally identifiable information and non-personal information about You when You subscribe to our Service. Bailey Cable uses its system to collect personally identifiable information about You: (a) when it is necessary to provide our services to You; (b) to prevent unauthorized reception of our services; and (c) as otherwise provided in this Policy. Bailey Cable will not use the system to collect Your personally identifiable information for other purposes without Your prior written or electronic consent. Bailey Cable also collects personally identifiable and non-personal information about You when You voluntarily provide information to Bailey Cable, as may be required under applicable law, and from third parties, as described in this Policy.

Personally identifiable information is any information that identifies or can potentially be used to identify, contact, or locate You. This includes information that is used in a way that is personally identifiable, including linking it with identifiable information from other sources, or from which other personally identifiable information can easily be derived, including, but not limited to, name, address, phone or fax number, email address, spouses or other relatives' names, drivers license or state identification number, financial profiles, tax identification number, bank account information, and credit

card information. Personally identifiable information does not include information that is collected anonymously (i.e., without identification of the individual or business) or demographic information not connected to an identified individual or business.

Non-personal information, which may or may not be aggregated information about our Customers and may include information from third parties, does not identify individual Customers. Bailey Cable may combine third party data with our business records as necessary to better serve our Customers. Examples of non-personal information include IP addresses, MAC addresses or other equipment identifiers, among other data. Our systems may automatically collect certain non-personal information when You use an interactive or transactional service. This information is generally required to provide the service and is used to carry out requests a Customer makes through a remote control or set-top box.

We may also collect and maintain information about Your account, such as billing, payment and deposit history; maintenance and complaint information; correspondence with or from You, information about the service options that You have chosen; information the equipment You have, including specific equipment identifiers; and information about Your use of our services, including the type, technical arrangement, quantity, destination and amount of use of certain of those services, and related billing for those services.

Bailey Cable also collects customer-provided customization settings and preferences. By using our service, You consent to our collection of this information and other information communicated to Bailey Cable such as correspondence, responses to surveys or emails, information provided in chat sessions with us, registration information, or participation in promotions or contests.

If You subscribe to our video service, then in certain of our systems, our set-top boxes automatically collect information that may be used to determine which programs are most popular, how many set-top boxes are tuned to watch a program to its conclusion and whether commercials are being watched, as well as other audience-measurement focused information. Our processes are designed to track this information and audience statistics on an anonymous basis. Information such as channel tuning, the time the channel is changed, and when the set-top box is "on" or "off" is collected at a secure database in an anonymous format. Bailey Cable, or our contractors or agents, may from time to time share the anonymous information with our advertisers, content providers, or other third parties with whom we have a relationship. We will not provide our advertisers, content providers, or these other third parties with personally identifiable information about You unless we have received Your consent first, except as required by law. (See "Who sees the information collected by Bailey Cable?")

Why does Bailey Cable collect personally identifiable information?

Bailey Cable collects and uses personally identifiable information to:

- properly deliver our Services to You;
- provide You with accurate and high quality customer service;
- perform billing, invoicing and collections;
- provide updates, upgrades, repairs or replacements for any of our service-related devices or software used in providing or receiving services;
- protect the security of the system, prevent fraud, detect unauthorized reception, use, and abuse of Bailey Cable's Services or violations of our policies or terms of service;
- keep You informed of new or available products and services;
- better understand how the Service is being used and to improve the Service;
- manage and configure our device(s), system(s) and network(s);
- maintain our accounting, tax and other records; and
- comply with applicable federal and state laws and regulations, as well as for the general administration of our business.

If You use an interactive or transactional service, for example, responding to a survey or ordering a pay-per-view event, the system will collect certain additional personally identifiable information, such as account and billing information or Customer-provided locale and service preferences, to properly bill You for the services purchased and to provide You with a more personalized experience. In addition, certain information such as Your connections to our system is automatically collected to, for example, make it possible for Your digital boxes to receive and process the signals for the services You order.

Bailey Cable may also collect personally identifiable information from third parties to enhance our customer database for use in marketing and other activities. Bailey Cable also collects personally identifiable information from third parties to verify information You have provided us and collects personally identifiable information from credit reporting agencies to, for example, determine Your creditworthiness, credit score, and credit usage. Bailey Cable also may maintain research records containing information obtained through voluntary subscriber interviews or surveys.

If You subscribe to our high-speed Internet service, Bailey Cable transmits personally identifiable and non-personal identifiable information about You over the Service when You send and receive e-mail and instant messages, transfer and share files, make files accessible, visit websites, or otherwise use the Service and its features. Our transmission of this information is necessary to allow You to use the Service as You have chosen and to render the Service to You.

Who sees the information collected by Bailey Cable?

Bailey Cable will only disclose personally identifiable information to others if: (a) Customer provides written or electronic consent in advance, or (b) it is permitted or required under federal or applicable state law. Specifically, federal law allows Bailey Cable to disclose personally identifiable information to third parties:

- when it is necessary to provide Bailey Cable’s services or to carry out Bailey Cable’s business activities;
- as required by law or legal process; or
- for mailing list or other purposes, subject to Your ability to limit this last type of disclosure.

To provide services and carry out our business activities, certain authorized people have access to Your information, including our employees, entities affiliated through common ownership or control with Bailey Cable and third parties that provide and/or include: billing and collection services; installation, repair and customer service subcontractors or agents; program guide distributors; software vendors; program and other service suppliers for audit purposes; marketers of Bailey Cable’s products and services; third party auditors; our attorneys and accountants; and/or strategic partners offering or providing products or services jointly or on behalf of Bailey Cable. The frequency of disclosures varies according to business needs, and may involve access on a regular basis. Bailey Cable restricts third parties’ use of Your information to the purposes for which it is disclosed and prohibits third parties from further disclosure or use of Your personally identifiable information obtained from us, whether for that third party’s own marketing purposes or otherwise.

Unless You object in advance, federal law also allows Bailey Cable to disclose through “mailing lists,” personally identifiable information, such as Your name, address and the level of Your service subscription, to non-affiliated entities, including advertisers and marketing entities, for non-service related purposes, including product advertisement, direct marketing and research. Under no circumstances will Bailey Cable disclose to these advertising entities the extent of Your viewing habits or the transactions You make over the system. Bailey Cable, or our contractors or agents, may from time to time share non-personal and/or aggregate information such as the number of Service subscribers who match certain statistical profiles (for example, the number of subscribers in various parts of the country) with our advertisers, content providers, or other third parties with whom we have a relationship.

We may provide anonymous data to third parties who may combine it with other information to conduct more comprehensive audience analysis for us and for television advertisers. This data helps program networks and cable operators decide on which programs, channels, and advertising to carry. Bailey Cable may also use that information to distribute targeted advertising to You without having disclosed any of Your personally identifiable information to the advertisers. These advertisements may invite interactive or transactional follow-up from You. By using any of Bailey Cable’s interactive services, You consent to our collection of this additional information. Unless You consent first or except as required by law, only anonymous information is disclosed to audience measurement services.

As part of its business activities, if Bailey Cable enters into a merger, acquisition, or sale of all or a portion of our assets, Bailey Cable may transfer Customers’ personally identifiable and non-personal information as part of the transaction.

If You subscribe to our telephone service, Your name, address and/or telephone number may be transmitted via Caller ID, published and distributed in affiliated or unaffiliated telephone directories, and available through affiliated or unaffiliated directory assistance operators. We take reasonable precautions to ensure that non-published and non-listed numbers are not included in the telephone directories or directory assistance services, although we cannot guarantee that errors will never occur. Please note that Caller ID blocking may not prevent the display of Your name and/or telephone number when You dial certain business numbers, 911, 900 numbers or toll-free 800, 866, 877 or 888 numbers.

If allowed by and after complying with any federal law requirements, Bailey Cable may disclose personally identifiable information about Customer to representatives of government or to comply with valid legal process, except as provided below, disclosures shall not include records revealing Customer's selection of video programming. Disclosures to representatives of government may be made pursuant to an administrative subpoena, warrant, court order, our reasonable discretion in cases of emergency or serious physical injury, or other permitted means. In these situations, Bailey Cable may be required to disclose personally identifiable information about a Customer without Customer's consent and without notice to the Customer. Law enforcement agencies may, by federal or state court order, and without notice to You, obtain the right to install a device that monitors Your Internet and e-mail use, including addresses of email sent and received and in some cases the content of those communications; and/or Your use of our telephone service, including listings of incoming and outgoing calls and in some cases the content of those calls. In some instances where there are valid legal requests for or orders for disclosure of Your information, we may notify You of the requests or orders and then it may be up to You to object or take specific action to prevent any disclosures pursuant to those requests or orders.

Where a governmental entity is seeking personally identifiable information of a Customer who subscribes to Bailey Cable's video services only or records revealing Customer's selection of video programming, the Cable Act requires a court order and that the video subscriber be afforded the opportunity to appear and contest in a court proceeding relevant to the court order any claims made in support of the court order. At such a proceeding, the Cable Act requires the governmental entity to offer clear and convincing evidence that the subject of the information is reasonably suspected of engaging in criminal activity and that the information sought would be material evidence in the prosecution of the case. Except in certain situations (such as with respect to those who owe, or are owed, welfare or child support) state welfare agencies may obtain the names, addresses, and certain other Customer information as it appears in Bailey Cable's subscriber records under the authority of an administrative subpoena.

We may also use or disclose personally identifiable information about You without Your consent (a) to protect our Customers, employees, or property, (b) in emergency situations, (c) to enforce our rights in court or elsewhere, or directly with You, for violations of service terms, conditions or policies and/or (d) in order to comply with the Digital Millennium Copyright Act or as otherwise required by law, for example, as part of a regulatory proceeding.

If You do not want Your name, address, level of service or other personally identifiable information disclosed to third parties in a “mailing list” as explained above, please register this preference by emailing us at info@baileycable.net or by contacting us by telephone at 1-601-437-8300. Customers of our video service cannot opt-out of the collection of audience measurement data.

Also, if You do not want to receive marketing messages (e.g., phone calls, emails, and direct mail) from Bailey Cable, You may call 1-601-437-8300 or by emailing us at info@baileycable.net and make a request to have Your privacy preferences updated. Please note that such request will not eliminate all telephone calls, emails or direct mail sent to You from Bailey Cable as Bailey Cable may still continue to send non-marketing account-related messages to You.

How long does Bailey Cable maintain personally identifiable information?

Bailey Cable will maintain personally identifiable information about You as long as You are a subscriber to Bailey Cable’s Service and as long as necessary for the purpose for which it was collected. If You are no longer a subscriber to any Bailey Cable Service and the information is no longer necessary for the purpose for which it was collected, Bailey Cable will only keep personally identifiable information as long as necessary to comply with laws governing our business. These laws include, but are not limited to, tax and accounting requirements that require record retention. Bailey Cable will also maintain personally identifiable information to satisfy pending requests for access by a subscriber to his/her information or pursuant to a court order. Bailey Cable will destroy Customers’ personally identifiable information when the information is no longer necessary for the purpose for which it was collected, when there are no longer pending requests for such information, and when it is no longer necessary to retain the information under applicable laws.

How does Bailey Cable protect customer information?

Bailey Cable takes the security of our Customers’ personally identifiable information seriously. Bailey Cable takes such actions as are reasonably necessary to prevent unauthorized access by entities other than Bailey Cable to personally identifiable information. Bailey Cable uses security and/or encryption technology to secure certain sensitive personally identifiable information when it collects such information over the system. Bailey Cable restricts access to its customer database and secures the content by use of firewalls and other security methods. Bailey Cable limits access to databases containing Customers’ personally identifiable information to those specifically authorized employees and agents of Bailey Cable and other parties identified in the “Who sees the information collected by Bailey Cable?” section above. However, we cannot guarantee that these practices will prevent every unauthorized attempt to access, use, or disclose personally identifiable information.

You need to help protect the privacy of Your own information. You and others who use Your equipment must not give identifying information to strangers or others whom You are not certain have a right or need to the information. You also must take precautions to protect the security of any personally identifiable information that You may transmit over any home networks, wireless routers, wireless fidelity (WiFi) networks or similar devices by using encryption and other techniques to prevent unauthorized persons from intercepting or receiving any of Your personally identifiable information. You

are responsible for the security of Your information when using unencrypted, open access or otherwise unsecured networks in Your home. For more information on things You can do to help protect the privacy of Your own information, visit www.OnGuardOnline.gov.

Can I see the information that Bailey Cable collects about me?

You have a right under the Cable Act to see Your personally identifiable information that Bailey Cable collects and maintains. The information Bailey Cable has about its Customers is maintained at the local offices where service is provided, in our systems, and at our corporate headquarters. If You would like to see Your information, please send a written request to Your local Bailey Cable office. To find the location of Your local office please visit www.BaileyCable.net/contact.html. Bailey Cable will be glad to make an appointment for You to come in to Your local office during regular business hours. If Your review reveals an error in our records, Bailey Cable will correct it. You may also be able to access certain information about You or Your account by telephone or online at www.BaileyCable.net, depending upon the information You have provided.

Does Bailey Cable protect children's privacy?

Bailey Cable is concerned about children's privacy and does not knowingly collect personally identifiable information from anyone under the age of 13 over its Service unless otherwise expressly identified. At those specific parts of our Service, Bailey Cable will provide a special notice or other information describing the additional privacy protections that may apply. Bailey Cable urges children to always obtain a parent or legal guardian's permission before sending any information about themselves over the Internet and urges parents and legal guardians to be vigilant regarding children's Internet usage. Other services or web pages accessed through Bailey Cable's Service may have different policies on collection of information pertaining to children and You should consult their privacy policies and read their notices if You have any concerns about the collection or use of such information by those entities.

How does Bailey Cable use cookies and web beacons?

A cookie is a small file that stores information in Your browser on Your computer. Bailey Cable places cookies in Your browser that contain some of the information You provide when You register with us and when You set up a personalized service or customize Your settings and preferences on our websites. Bailey Cable does not store highly sensitive personal information such as Your password, e-mail address or credit card number in cookies. Cookies enable Bailey Cable to summarize overall usage patterns for analysis. In addition, Bailey Cable uses cookies to provide personalized services such as saving Your astrological sign on BaileyCable.net. Bailey Cable may also use cookies to provide a more useful online experience, such as allowing You to quickly enter a sweepstakes if You're already logged on.

A web beacon is an invisible graphic on a web page that is programmed to collect non-personally identifiable information about Your use of a given site. Like cookies, web beacons allow Bailey Cable and

its technology providers to summarize overall usage patterns for our analysis and provide personalized services. Bailey Cable does not share or provide personally identifiable information we may collect, such as names, e-mail addresses and phone numbers with our advertisers without Your express permission. However, Bailey Cable may provide site usage information linked to Your personally identifiable information to law enforcement or others in compliance with valid legal process or in other situations as stated in the "Who Sees the Information Collected by Bailey Cable?" paragraphs above.

You may opt-out of the cookies delivered by Bailey Cable on its websites by changing the setting on Your browser. Depending on Your privacy settings, please be aware that this may disable all cookies delivered to Your browser, not just the ones delivered by Bailey Cable.

Targeted Marketing If You Subscribe to Bailey Cable's High-Speed Internet Service:

Bailey Cable may partner with a third-party advertising company who may utilize cookies, web beacons, or other technology to deliver or facilitate delivery of advertisements about goods and services that may be of interest to You. This partner will not have access to or use Your name, address, e-mail address, telephone number or other personally identifiable information; it may, however, anonymously track Your Web usage and collect what is known as "Click Stream Data." Click Stream Data is anonymous, and may include information such as a web surfer's IP address, web pages which have been viewed by a web surfer, date and time, domain type, and responses by a web surfer to an advertisement delivered by us or a third party advertising technology vendor. We, and/or the third party advertising technology vendor, may use different types of technologies to collect this type of information, including cookies and web beacons (1x1 pixels). To the extent Bailey Cable engages in this type of targeted marketing, Your system will provide You notice and You will be given the ability to opt-out.

Except as otherwise provided, we will not provide our advertisers, content providers, or other third parties with personally identifiable information about You, or where specifically You are located within Your community, unless we have received Your consent first. Likewise, Bailey Cable will not share personally identifiable information about where You go on the Service or on the Web, what sites You regularly visit, or what information You download or upload, unless we have received Your consent first, except as required by law.

What can I do if I believe Bailey Cable has violated my rights?

You may enforce the limitations imposed on us by federal law with respect to the collection and disclosure of personally identifiable subscriber information about You, through a civil action under federal law, in addition to other rights and remedies that may be available to You under federal or other applicable laws.

What if I have any questions?

If You have any questions about our privacy protections and policies, please contact Your local customer service office. You can find the phone number for Your local customer service office on Your monthly bill statement or by visiting Bailey Cable's website at www.BaileyCable.net/contacts.html.

IMPORTANT NOTE:

This Policy does not apply to Your use of any Bailey Cable website. You should review the privacy policy applicable to each site, which is available under the "Your Privacy Rights" or "Privacy Policy" section of each Bailey Cable website. This Policy also does not apply to those residential customers who subscribe to Bailey Cable's residential video programming, high-speed Internet and/or telephone service. The Residential Subscriber Privacy Policy is available under the "Your Privacy Rights" section of www.BaileyCable.net.

Effective: May 4, 2009

Bailey Cable Commercial Customer Proprietary Network Information (CPNI) Policy

The following CPNI Policy is in addition to requirements set forth in Bailey Cable's Commercial Subscriber Privacy Policy and is subject to some permitted uses and disclosures of Your name, address, and/or telephone number outlined in the Privacy Policy. The information that we have (1) relating to the quantity, technical configuration, type, destination, location, and amount of Your use of telephone service, and / or (2) contained on Your telephone bill concerning the telephone services that You receive is subject to additional privacy protections. That information, when matched to Your name, address, and telephone number is known as "Customer Proprietary Network Information," or CPNI for short. Examples of CPNI include information typically available from details on a customer's monthly telephone bill -- the type of line, technical characteristics, class of service, current telephone charges, long distance and local service billing records, directory assistance charges, usage data, and calling patterns. As a subscriber to our telephone services, You have the right, and Bailey Cable has a duty, under federal law to protect the confidentiality of CPNI. Bailey Cable offers many communications-related services, such as, for example, Bailey Cable Internet services. From time to time we would like to use the CPNI information we have on file to provide You with information about our communications-related products and services or special promotions. Our use of CPNI may also enhance our ability to offer products and services tailored to Your specific needs. We would like Your approval so that we, our agents, affiliates, joint venture partners, and independent contractors may use this CPNI to let You know about communications-related services other than those to which You currently subscribe that we believe may be of interest to You. You do have the right to restrict this use of CPNI.

IF WE DO NOT HEAR FROM YOU WITHIN 30 DAYS OF THIS NOTIFICATION, WE WILL ASSUME THAT YOU APPROVE OUR USE OF YOUR CPNI FOR THE PURPOSES OF PROVIDING YOU WITH INFORMATION ABOUT OTHER COMMUNICATIONS-RELATED SERVICES. YOU HAVE THE RIGHT TO DISAPPROVE OUR USE OF YOUR CPNI, AND MAY DENY OR WITHDRAW OUR RIGHT TO USE YOUR CPNI AT ANY TIME BY CALLING THE TELEPHONE NUMBER REFLECTED ON YOUR MONTHLY BILLING STATEMENT OR 1-601-437-8300. We

will also honor any restrictions applied by state law, to the extent applicable. Bailey Cable also offers various other services that are not related to the communications services to which You subscribe. Under the CPNI rules, some of those services, such as Bailey Cable video services, are considered to be non-communications related services. Occasionally, You may be asked during a telephone call with one of our representatives for Your oral consent to Bailey Cable's use of Your CPNI for the purpose of providing You with an offer for products or services not related to the telephone services to which You subscribe. If You provide Your oral consent for Bailey Cable to do so, Bailey Cable may use Your CPNI for the duration of such telephone call in order to offer You additional services. Any action that You take to deny or restrict approval to use Your CPNI will not affect our provision to You, now or in the future, of any service to which You subscribe. You may disregard this notice if You previously contacted us in response to a CPNI Notification and denied use of Your CPNI for the purposes described above. Any denial of approval for use of Your CPNI outside of the service to which You already subscribe is valid until such time as Your telephone services are discontinued or You affirmatively revoke or limit such approval or denial. The CPNI Policy above may be required by law to apply to our Voice over Internet Protocol, or, IP voice services.

Effective: May 4, 2009
